

AI Forge

**Confirm it's safe. Activate SystemsAtlas.
Maximise your Microsoft 365 Copilot investment.**

Many organisations have invested in Microsoft 365 Copilot, but value often stalls — governance is unclear and it's hard to know which workflows are ready. The AI Forge Activation Pack turns Copilot licences into measurable outcomes, with governance built in from day one.

How it works

1. Discover

Microsoft 365 readiness clarified, Purview posture and oversharing baseline established

2. Activate

SystemsAtlas Microsoft 365 Copilot agent deployed

3. Report & Handover

Readiness report delivered and next-stage plan confirmed

Investment

Fixed fee: AUD \$7,500 | Delivered virtually (no travel required) | Microsoft licensing not included

What's Included

- **Copilot Readiness Report** — risk, governance posture, and next steps
- **SystemsAtlas Agent** — deployed, branded, and ready
- **Handover Session** — insights and build roadmap

Activate

AI Forge Activation Pack

Copilot readiness, SystemsAtlas activation, next-steps plan

Build

AI Forge Build

Production-grade AI agents, governance baseline, telemetry dashboards

Run

AI Forge Run
